FOR LOVE OF A GIRL

Now Robert Green Appeals to the President for Executive Clemency.

STORY OF HIS LOVE AFFAIR.

Separated From His Sweetheart by Accident, He Found Her in Want and Sought in Vain for Honorable Discharge.

REPUBLIC SPECIAL Washington, March 29.-There is a ro mance almost like the familiar plot of 'Pinafore" behind the petition in which

Private Robert Green has asked President Roosevelt to mitigate the sentence which he is now serving at Alcatraz Island, Cal., because he deserted to marry Miss Bertha Garvey, daughter of the late Captain Garvey, First Cavalry. Le tells this story in

"When a boy I became acquainted with Miss Bertha Gavey, and as children we became strongly attached to each other and always spoke or getting married when we should arrive at the proper age. We corresponded while I was in the navy and I had a strong hope of meeting her at the expiration of my term of service, but somehow or other Miss Garvey and her mother drifted away to some point beyond my knowledge.

"So not being able to find her I enlisted in the Twenty-fourth Field Artillery on September 4, 1901, and served at the Presidio. Through correspondence with a lady friend at the Woman's Relief Corps Home at Evergreen, near San Jose, I obtained Miss Garvey's address and at once went to see her.

Miss Garvey's address and at once went to see het.
"Our attachment for each other became stronger than ever before; in fact, seeing her helpless situation, I was possessed of a strong feeling that it was my duty, as well as my greatest pleasure, to make her my wife and to give her such a home and protection as I was able. In order to do this I made a strong and persistent effort to obtain an honorable discharge from the army, but, failing in this, my desire seemed to overcome my better judgment, and, on June 14, 1902. I regret to say, I deserted, and was married to Miss Garvey at Pasadena."

and was married to Miss Garvey at Pasadena."

For his desertion Private Green was sentenced to two years' confinement at hard labor in the military prison at Alcatraz.

Mrs. Green still lives with her mother at Pasadens anxiously awaiting the hour when her husband is released from the prison to which he was sentenced for two years on account of desertion in order to marry her. She has enlisted the influence of powerful friends to have her husband released Private Green pleads with the President that he is not a criminal, but a patriotic citizen, that, with the exception of this single offense, his record is without a blot, and he feels for this reason the President should grant him a pardon, "not only," he says, "that I may return to my wife and her mother, where my services are so much needed, but also to wipe out a stain which mars an otherwise honorable record."

Without regard for politics and for the the cause of good government. The Republic c-day presents in black-face type the names of nominees who, if elected, may be expected to improve conditions in the House

of Delegates. Fifty-eight House nominees will be voted on at the election a week from to-morrow. Of these, twenty-five give promise of acting an aggressive part in good government if elected. Unfortunately, fourteen of the twenty-five are opposed to each other in the same wards-the Ninth, Eleventh, Twelfth, Thirteenth, Twenty-first, Twenty-fifth and Twenty-eighth.

Twenty-eighth.

A majority of the eleven remaining good nominees must be elected if public improvements proceed in St. Louis. Only discrimination on the part of the voters, both Democrats and Republicans, will assure this result. If the voting population of the city turns out in force, there will be no doubt of the result. The House of Delegates can be redeemed if the people so will it.

In some of the wards the nominees chiefly represent the City Committeemen. Of those selected eleven are on the Democratic ticket, eleven on the Ropublican and three are independent nominees. The situations in the wards are briefly told, so that voters may judge for themselves whom they wish to support.

IN THE DIFFERENT WARDS.

T. M. McAuliffe is the only man running in the Third Ward. He is dominated by James P. Miler, Democratic City Committeeman, whose position in politics is one of selfish interest. He has been for and against the Butlers. McAuliffe will be elected and, until his votes are cast for administration measures, no one pretends to believe that he will set anything on fire as a reformer.

believe that he will set anything on hre as a reformer.

Thomas E. Kinney's record has been made as a Delegate from the Fourth Ward. He has been renominated. His friends make numerous promises regarding his future performances, but he has always been a combine man. Clarence T. Case, Republican, should be supported from this ward. He is regarded as a clean young man who is ambitious to do the right. In factional Republican politics he has been against the rang. He is an attorney.

Republican politics he has been against the gang. He is an attorney.

Ike Conran, plumber, Democrat and Butler man, and Henry Horchler, Republican, also said to be under the influence of the Butlers, are running in the Fifth Ward. Conran was requested to resign as Chief Deputy Marshal a year or so ago. Horchler is dominated by Joseph L. Schuler, Republican City Committeeman, who helped put through the Central Traction bill while a member of the House. It makes little difference which one is elegted.

In the Sixth Ward the Democrats have named W. C. Zimmermann, a saloonkeeper

In the Sixth Ward the Democrats have named W. C. Zimmermann, a saloonkeeper at Twelfth and Chouteau avenue. Nothing can be expected from him to help along good government. Opposed to him is Henry C. Neun, a grocer at Park and St. Ange, who is regarded as a clean, capable and honest man. Though this ward is nominally Democratic, good citizenship demands that Neun, the Republican, be elected.

George Rott, Democrat, and Henry Pfeffie, Republican, are nominees in the Seventh Ward. Both are saloonkeepers and of equal standing in the community. Pfeffie is a member of the House and has always been one of the combine members. He secured his renomination through a trade with the so-called reform Republicans, who cared more for a delegation to the City Convention than to have a good man in the House of Delegates.

more for a delegation to the City Convention than to have a good man in the House of Delegates.

E. M. Block, a teamster, Democrat and follower of John Sartorius, the Democratic City Committeeman, is nominated in the Eighth Ward. Running against him is Fred G. Schmidt, Republican, a coal dealer at No. 2019 South Second Street, who was named by John H. Becker, the Republican City Committeeman, Neither of these nominees arouses hope of better conditions through their help.

Two good men have been named in the Ninth Ward—T. S. Stoops by the Democrata and John P. Nolde by the Republicans. Stoops is a roofer and protese of Tony Stuever. Nolde is a dealer in dentists supplies and a man of excellent reputation.

In the Tenth Ward, William M. Hughes, chief lieutenant of Charles Lemp, has been named by the Democrats. He has given pledges in writing that he will support the Democratic administration in all public improvement matters, Frank M. Simmons, the Republican nominee, is being fought by a large element of Republicans because of the means by which he received the nomination. He is an old friend of Charles Kratz, and the credit of his present nomination is given to Gottlieb Eyermann. Kratz's bondsman. Of the two, more is to be expected from Hughes than from Simmons.

Edward J. O'Neill, a railroad clerk, has

be expected from Hughes than from Simmons.

Edward J. O'Neill, a railroad clerk, has been nominated by the Democrats of the Eleventh Ward. His reputation is good, but there is little hope for his election, owing to the peculiar conditions which exist in this ward. Edward Koeln, one of the four Republican Delegates who voted with the combine to unseat Harry McChesney from the Twenty-second Ward and put in Fontana, has been renominated by his machine. He should not be returned. The better element of citizenship in this ward have nominated John H. Uthoff, a grocer, who stands high in the community and would represent the ward as it should be represented.

TWELFTH-WARD NOMINATIONS.

would represent the ward as it should be represented.

TWELFTH-WARD NOMINATIONS.

In the Twelfth Ward, William Buol, a liveryman, has been named by the Democrats against Arthur J. Hammerstein, a veterinary surgeon. Both are clean men and either would be a credit to good government.

and either would be a credit to good government.

In the Thirteenth Ward, similar conditions prevail. Democrats have named Fred Weldmer, vice president of the Gratiot Street Warehouse Company. He is a young man of character and ability. Against him is August Nasse, wholesale grocer, worth, perhaps, \$250,000, and who has always been with the reform element. Other things being equal, the rule that a Democrat will work with the administration holds good. In the Fourteenth and Fifteenth Wards Butler has absolute control. John B. Wil-

blams, Democrat, and present member, and Frank M. Gonder, Republican, will see that the Fourteenth Ward is represented by combine members. Gazzolo in the Fifteenth has no opposition.

John J. (Silver) Burke resigned as a Delegate from the Sixteenth and has put Timothy Maloney in his place. There is no Republican opposition in this ward. Burke always acted with the administration.

In the Seventeenth J. J. Sheehan, Democrat, bookkeeper, is a close friend of Tom Quinn, the committeeman. Owing to a factional fight it is deubtful whether Sheehan can be elected. Henry L. Weeke, an old combine member of the House, is running on the Republican ticket. He should be defeated. Henry W. Beerman, an independent candidate, is regarded as an honest man and should be supported by the better element of Republicans and disatisfied Democrats.

In the Eighteenth, Robert Fechter, Democrat, a saloothkeeper at Twelfth and Morgan streets, is opposed by Albert Weizel, a teamster. Neither of these men promises much for good government. William A. Block is an independent candidate in this ward, has a clean record as a citizen and should be elected.

In the Nineteenth, George Norp, Democrat, collector, is opposed by Edward Damman, Republican, salesman, Both are said to be controlled by Otto Siffel. This ward has been represented by Sam Stannard, a combine man. There is not much hope for improvement.

In the Twentieth, Tom Ward, a strong ad-

combine man. There is not much hope for improvement.

In the Twentieth, Tom Ward, a strong administration man, has succeeded in securing the nomination of J. J. O'Brien, a coal dealer, to succeed Charles F. Kelly. If elected, there is every indication that O'Brien will be found on the right side. Opposed to him is Nathan Goldstein, a harness worker, who is the present Republican city committeeman.

Both Democrats and Republicans have named good men in the Twenty-first Ward. On the Democratic ticket is Daniel F. Mechan, a manufacturer's agent. Opposed is Bontie A. Becker, a son of the basebali magnate.

In the First Ward W. D. Griffin, a broker, with offices in the Mermod & Jaccard building, has been named by the Democratis. He has never been in politics, but is a friend of George Gunsoills, the Democratic Committeeman. Those who know Griffin pronounce him an honest and efficient man, who, if elected to the House, probably will not hamper the work of the administration or join combines such as have existed in the past.

E. F. W. Richter, the Republican nominee, is a roofer and was formerly a member of the Legislature, where he was recognized as a consistent member of the lobby element of the Republican minority. Of the two, Griffin is considered the safer man. In the Second Ward August C. Lueking is the Democratic nominee. If the better elements of the ward da their duty, he will be elected by a large majority, even though the ward is nominally Republican. He is the vice president of the Mound City Coupe Company and is a man of character, who can be depended upon to work for the city's best interests. Opposed to him is C. H. Witthoeff, Republican, a politician of the most practical type, who has been aligned with the old Zlegenhein gang and who has been a candidate for elective and appointive offices without number.

T. M. McAuliffe is the only man running in the Third Ward. He is dominated by James P. Miles, Democratic City Committeeman, whose position in politics is one of the centary of the missing witness' in Butler's trial, and Edward N. Schaffer.

Peculiar conditions prevail in the Twenty-fourth, where John Dolan, Democratic City Committeeman, whose position in politics is one of the limited with is regarded as a man of chreated with the old Zlegenhein gang and who has been a candidate for elective and appointive offices without number.

T. M. McAuliffe is the only man running in the Third Ward. He is dominated by James P. Miles, Democratic City Committeeman, whose position in politics is one of the control of the minority of the control of the minority. Of the control of the minority of the control of t

Committeeman.has replaced Delegate Buckley, with a man new in politics. T. Teschemacher, a grocer, Teschemacher's race
will be made upon Dolan's record. Opposed to him is William C. Dierking, Republican, who is regarded as a man of
standing. Peter H. Feiker, Independent,
is running to split the vote of regular
nominees, and should be ignored. Better
vote for Dierking.

In the Twenty-fifth, Lee Hageman,
Democrat, and C. A. Windmueller, present
Delegate, are running against each other.
Of the two, Hageman should be elected
as an administration Democrat. Windmueller has made one of the few clean
records in the House.

In the Twenty-sixth, two undesirable men
are nominated. James T. Brennan, Democrat, is a present combine Delegate. Opposed is William Pahl, a huckster, who
was one of Charley Carroll's chief aids.

In the Twenty-seventh, Walter M. Birge,
Republican nominee, should be elected by
the votes of the better element. He is
above reproach, active and has lived in the
ward for years. Against him is Charles L.
Geraghty, who wishes a "vindication" by a
return to the House. Geraghty has been
indicted and should by no means receive
support. A G. Clarke, independent, should
be ignored as he might take votes away
from Birge.

In the Twenty-sighth, Albert T. Terry,
Jr., Democrat, is running against E. C.
Lackland, Jr. Both are clean, capable young
men, who have ambitions to help along the
"New St. Louis." Terry is the stronger
man of the two and deserves to be elected.

The selection of Tall was no surprise to the Democratic friends of Senator Stone, for it was understood before Stone's election that Tall would get the position. Tall has been a personal friend of Senator Stone for many years, and has been a hard worker in the latter's various campaigns. Senator Stone has accepted an invitation

OCCUPANTS OF TRAP IN WILD RIDE BEHIND RUNAWAY HORSES.

Young ladies who narrowly escaped serious injury in a runaway yesterday.

A runaway, the result of collision with a street car, in which the five occupants of a stylish trap were thrown to the street and severely bruised, startled the residents in the fashionable district near Taylor avenue from Olive street to Deimar avenue yesterday afternoon at 3:30 o'clock.

The horses, wild and panic-stricken, dragged the carriage up on the sidewalk, striking a lamppost; it was overturned. The ladies were thrown out and lay for a time stunned on the pavement. Bystanders crowded around, thinking that all the occupants of the trap must have suffered seriuos hurt.

In a very short time, however, Banks and Maioney recovered themselves and went to the assistance of the young ladies and Mrs. Maloney.

The party planned to enjoy the afternoon driving, and had secured the carriage from the Eberle & Keyes Livery Company. The purpose was to drive through the West End and thence out to the World's Fair site. They were driving north on Taylor avenue when the accident occurred.

At Olive street car No. 35 of the Clayton division struck the tongue of the conveyances and shattered it. The car passed on. But the accident had disarranged the harness, and this, in addition to the shock of the collision, terrified jhe horses.

With the traces dragging behind them the animals continued north on Taylor avenue, galloping at breakneck speed.

Banks exerted himself to the utmost in the endeavor to halt them, but unsuccessfully. When he neared De mar avenue the idea was suggested to him that he direct them across the sidewalk toward the long signboard which extends diagonally across the vacant lot at the northwest corner of Taylor and Delmar avenues.

He thought the horses would stop when

San Francisco Man Will Decide the

Young Corbett-McGovern Bout. | steal man. | its byword. San Francisco, Cal., March 29.-Eddie Graney of San Francisco has been chosen to referce the Corbett-McGovern contest.

It was also agreed that, if either contestant should claim foul during the contest, the referee should withhold his decision until two or more reputable physicians ant.

Interest in the fight now centers on the question whether Corbett can make the required weight of 127 pounds. Corbett has been leading a strenuous existence the past few days. Early in his work he either misjudged the time required to discard his too weary pugilist. The consequence has been that in the last few days he has been put to violent work to bring himself down. The club manager and Corbett's trainers

insist he will make the mark all right-127 pounds at 4 p. m. Tuesday. There is no lack of confidence in the Corbett camp. McGovern has trained assiduously and earnestly, and the experts who figure on into his mouth. condition are inclined to favor his chances.

The latter had a razor, and made a slash at Deen. The negroes then ran, and aithough they were followed by several policemen and a large crowd, succeeded in making their escape after a chase of four blocks.

IN CONTEMPT OF COURT? Question Raised Whether New Jer-

PEPUBLIC SPECIAL. Chicago, Ill., March 29.-In the face of Judge Grosscup's injunction enjoining the packers from coatinuing their combination solid flesh or took the soft sides of the bitrarily fix prices of meats and control the roads, where inviting benches tempted the market, the incorporation of the National Packing Company raises an interesting question.

When asked if the origination of this com pany might be construed as a violation of the injunction, United States District Attorney Bethes declined to-day to commit himself one way or the other. He ! as not dissolved the injunction, despite the words put

It is known, however, that he is watching MOTORMAN CUT BY NEGRO. carefully this action of the packers and he has said heretofore that the defendants in the Beef Trust case will be arrested for contempt upon the first legal evidence of a violation of the court's restraining order. If Mr. Bethea has received any instruc-

tions from the Department of Justice at Washington regarding er new corporation. he is keeping the fact secret. The return of Judge Grosscup from his Western trip this week will quicken legal and financial as in the status of the National Packing Company.

While it was semiauthoritatively said some time ago that the packers' coursel has decided definitely to take an appeal from Judge Grosscup's decision, overruling the demurrer to the Government's bill of complaint, Special Counsel John S. Miller persistently declares he has not decided what course he will pursue for his clients in that matter.

Judge Grosscup's arrival is liable to be followed by formal announcement of the next step. This either will be an appeal or an answer to the bill. If neither action is taken in the time allowed by the court, the injunction will stand as a permanent bar against a resumption of the agreement which got the packers into trouble last spring.

OKLAHOMA SCANDALS TO BE INVESTIGATED

Governor Ferguson Asks Interior Department to Make Inquiry Into Boodle Charges.

LEGISLATURE IS INVOLVED.

Members Accused of Having Made Bids in Open Market for Votes on Hold-Up Propositions in Bargain-Counter Style.

The Republic Buresu. Washington, March 29.—Two Governors of Oklahoma have been removed as a result of scandals involving their administrations, and now the Interior Department is asked to go into an investigation of conditions in the Territory again, with the promise that there will be another radical shaking up, if any considerable portion of the allegations

In this case the investigation is asked by the Governor of the Territory, "Tom" Ferguson, who was appointed to succeed Governor Jenkins, something over a year ago, after a scandal which resulted in Governo

Jenkins's retirement. Governor Ferguson has written a letter to Mr. Hitchcock, Secretary of the Interior, in which he requests that a general investigation of affairs in the Territory be made by the Interior Department.

The Governor reports that an investigating committee, appointed by the Legisla ture, conducted an inquiry, which resulted in the development of some very sensation al charges against officials of the Terri-

tory. Members of the Legislature and office seekers were charged with having made bids in the open market for votes on "holdup" propositions and officials of territorial institutions were accused of having dealt with appointive positions in the genuine

bargain-counter style. The Governor asks that the Secretary of tion of all charges. Edgar W. Jones, a member of the legislative committee that conducted the investigation, is here to urge compliance with the Governor's request.

not decided upon what action if any, will be taken. There is some question as to the authority of the Government to inquire into the legislative acts of a Territory and this matter will be determined before an investigation is ordered.

GERMANS CONDEMN DEWEY.

Western Branch of Pennsylvania Alliance Passes Resolutions.

Alliance Passes Resolutions.

Pittsburg, Pa., March 29.—Delegates of the Western branch of the German-American Alliance of Pennsylvania to-day passed the following resolution, which was called forth by remarks attributed to Admiral Dewcy concerning the German Navy:

Resolved, That the recent disparaging and uncalled-for remarks of Admira. Dewcy about the German Navy were, if the press has quoted him correctly, unworthy of a navy officer of his rank. Coupled as his undiplomatic statement was, with a eulogy of Great Britain's friendship for America, it would seem that the Admiral's discourtesy to Germany was prompted rather by social prejudice than by true patriotism.

"A composite people like our own is bound by congenial and cultured ties to Germany not less than to England. To needlessly offend a people to whom we are closely related, and to whom we owe so much, must arouse the disapproval of every fairminded American. As true Americans we should endeavor to understand and appreciate the various factors that have contributed to our civilization.

"It is a menace to our land to have our national issues depend upon men whose visions are clouded by racial prejudice. In military and naval affairs, the judgment of such a man cannot be relied upon because he is ipso facto unable to ascertain our own weakness and the real strength of a foreign nation."

ALL IMMIGRATION RECORDS BROKEN

Largest Inpouring of Aliens on Sunday at Ellis Island in History of Country.

FOREIGNERS NUMBER 4,500.

Thousands of Laborers Coming to Find Work - Commissioner Pleased With High Class of Intelligence.

New York, March 29.-Immigrant arrivals at Ellis Island to-day broke all records for Sunday in the history of the harbor of New York. By nightfall, when Commissioner Williams's staff had sifted through the great mass brought in by the Philadelphia, the Campania, the Savo'e and the Graf Waldersee, it was found that 4,500 men, women and children had passed through the chutes and were either happily speeding to their new homes or else awai'ing further investigation

in the "detention compartments."

This is the beginning of the rush season for immigration, and this year's record is expected to exceed all others by many thous sands. During March of last year 54,000 foreign-born persons passed through the bureau. This year March, with two days yet to come, has brought the number up to 64,-000, while to-morrow and next day will add

Returns from the steamers due this week indicate that there will be nearly 30,000 ar-rivals before next Sunday night. Of this number 10,000 will be Italians.

LABORERS COME. The rush of men from that country is unprecedented. Almost all of them remain in this city. Nearly all are men of the laboring class, who bring little baggage, and they are invariably met by friends, who take them at once to the several "little Italys" growing all over the city.

eral "little Italys" growing all over the city.

The reason for this, as explained to-day, is that the men are flocking to this country to work on the great railroad and city improvements now under way. The news that there is work at \$1.50 a day for men willing to toil in the subways has been widely advertised throughout Italy, and the exclusion has followed.

Sunday is a haif-holiday for the employes at Ellis Island, but there was no rest today. First the Philadelphia brought 619 men, women and children, followed closely by the Campania with 830, the Savoie with 636 from Havre, and on top of it all came the great German liner, which added 2,427 to the list.

HIGH-CLASS IMMIGRANTS.

It was after 5 o'clock before all had been properly sorted. Everybody, from the Commissioner down, to-day spoke favorably of the high class of the persons brought in by the American, British and French liners and some of those who came on the

liners and some of those who came on the German boat.

They were intelligent, had the necessary money and credentials, and that they are to remain was shown by the fact that 900 of them bought railroad tickets for points west of Chicago.

Of the score or more steamers which are now bound for this port, ten come from Naples and other Italian ports, and these are bearing the 10,000 Italians. It will keep the entire force of immigration officials busy for a day to sort them out properly and get them away from the island.
